Syrian Virtual University

Vision:

Striving to be among the globally top-ranked universities, to lead the e-learning process in the region, and to qualify human resources in line with international academic and professional standards that meet the needs of the national and regional labor markets across various fields; and seeking to attract the best educational and research expertise into a scientific network where learners, teachers, and graduates interact.

Mission Statement:

Providing a modern learning, training, and research system in academic and professional fields that enables learners and trainees to engage effectively and directly in the labor market by developing their skills and knowledge in diverse, modern areas aligned with the needs and development of the local and regional economy, and with the growing use of the internet in activities and business locally, regionally, and internationally.

Mission:

The Syrian Virtual University works to:

Meet national and Arab needs for science and technology, qualify human resources, and develop and enhance society's knowledge assets.

Promote the Arabization movement aimed at transferring knowledge to the Arab region and systematically linking it to the global scientific process.

Develop, consolidate, and leverage e-learning technologies in academic, professional, and lifelong learning contexts.

Build long-term relationships with its graduates and their affiliated institutions.

Motivate and develop permanent and contracted academic and administrative staff as its most vital asset.

Consolidate quality in all its operations.

Institute and University Bachelor Programs

The maximum duration of study across all specializations is double the minimum duration of study.

"The minimum threshold for applying to the competition in all programs on the basis of the secondary school certificate is calculated after discarding the marks for Religious Education and the Second Foreign Language (English or French)."

1- Technical Institute for Computers (TIC)

Specializations

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Software and Information Systems

Two years

Arabic and English

Three levels

Placement competition based on Secondary School GPA

Holders of the Secondary School Certificate:

Scientific Branch

Commercial

Industrial: Computer Technologies - Informatics - Programming and Operating Systems - Computer and Hardware Maintenance - Computer Networks

Telecommunications: (All specializations)

Industrial: Aviation Electricity - Aviation Mechanics - Auto Mechanics - Electronic Technologies - Electrical Technologies - Vehicle Electricity and Electronics - Vehicle Mechanics – Vehicle Mechanics and Electricity - Air Conditioning and Refrigeration - Engines and Machinery - Heating and Plumbing - Electricity - Industrial Apprenticeship - Mechanical Manufacturing - Agricultural Machinery and Equipment - Agricultural Machines - Maintenance of Agricultural Machinery and Equipment – Mechatronics - Oil Professions (Measurement and Control Instruments - Industrial Electricity) - Maintenance of Medical Equipment - All Technical Industrial High Schools – Electronics.

Accredited secondary school certificates issued up to the 2007–2008 academic year and prior are accepted for technical institute programs regardless of their GPA, exclusively for registration in technical institute programs.

Admission Percentage: 55%

Total Number of Courses: 26 courses

Fee per Course including Exam Fee: 550 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

2- Technical Institute of Business Administration (TIBA)

Specializations

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Finance and Banking - Human Resource Management - Marketing

Two years

Arabic and English

Three levels

Placement competition based on Secondary School GPA

Holders of the Secondary School Certificate:

General Secondary: Scientific and Literary Branches

Commercial Secondary

Technical Secondary (Commercial Branch)

Admission Percentage: 60%

Finance and Banking Specialization: 27 courses

Human Resource Management Specialization: 27 courses

Marketing Specialization: 27 courses

Fee per Course including Exam Fee: 550 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

3- Technical Institute for Tourism and Hotel Sciences (TITH)

Specializations

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Tourism Management - Hotel Management - Tourism Marketing

Two years

Arabic and English

Three levels

Placement competition based on Secondary School GPA, Minimum (50% average)

Holders of the Secondary School Certificate:

General Secondary (Scientific, Literary)

Vocational Hotel Secondary (All specializations)

Sharia Secondary

Accredited secondary school certificates issued up to the 2007–2008 academic year and prior are accepted for technical institute programs regardless of their GPA, exclusively for registration in technical institute programs.

Total Number of Courses "Including 3 English Language Levels":

Tourism Management: 27 theoretical courses + 3 practical courses

Hotel Management: 26 theoretical courses + 4 practical courses

Tourism Marketing: 27 theoretical courses + 2 practical courses

Fee per Theoretical Course including Exam Fee: 550 (SYP)

Fee per Practical Course: 2050 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

This program is a collaboration between the Syrian Virtual University and the Ministry of Tourism as a blended learning model (virtual & practical), and application to this program is available to all students inside and outside Syria.

4- Technical Institute for Engineering Management and Digitization (TIEMD)

Specializations

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Engineering Project Management Specialization - Architectural Modeling Specialization - Structural Modeling Specialization - Electromechanical Modeling (MEP) Specialization - Disaster Management and Occupational Safety in Construction Specialization

Two years

Arabic and English

Three levels

Placement competition based on Secondary School GPA

Holders of the Secondary School Certificate:

General Secondary: Scientific Branch

Commercial Secondary

Technical Secondary (Commercial Branch) (Industrial Branch - Electrical Craft)

Industrial and Vocational: Computer Technologies – Electrical Technologies - Programming and Operating Systems - Computer and Hardware Maintenance - Computer Networks – Mechatronics – Electronics – Electronic Technologies – Air Conditioning and Refrigeration – Engines and Machinery – Heating and Plumbing – Electricity – Mechanical Manufacturing – Oil Professions (Measurement and Control Instruments – Industrial Electricity) - Oil Professions (Measurement and Control Instruments)

Accredited secondary school certificates issued up to the 2007–2008 academic year and prior are accepted for technical institute programs regardless of their GPA, exclusively for registration in technical institute programs.

Admission Percentage: 50%

Total Number of Courses "Including required English Language Levels":

Engineering Project Management Specialization: 19 theoretical courses + 2 practical courses

Architectural Modeling Specialization: 17 theoretical courses + 4 practical courses

Structural Modeling Specialization: 18 theoretical courses + 3 practical courses

Electromechanical Modeling (MEP) Specialization: 13 theoretical courses + 8 practical courses

Disaster Management and Occupational Safety in Construction Specialization: 17 theoretical courses + 4 practical courses

Fee per Course including Exam Fee: 550 (SYP)

Fee per Practical Course including Exam Fee: 1050 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

5- Bachelor in Informatics Engineering (ITE)

Specializations

Minimum Duration of Study

Language of Instruction
English Language Levels
Admission Requirements & Mechanism
Software Engineering - Artificial Intelligence - Computer Systems and Networks
Five years
Arabic and English
Five levels
Placement competition based on Secondary School GPA
Holders of the Secondary School Certificate:
General: Scientific Branch — Admission Percentage: 75%
Vocational: Informatics or Computer Technologies Specialization
Vocational: Computer Networks Specialization (Profession) — Admission Percentage: 95%
Total Number of Courses: 75 courses
Fee per Course including Exam Fee: 850 (SYP)
Fee per English Language Level including Exam Fee: 1250 (SYP)

6- Bachelor in Smart Cities Engineering and Sustainability (SCES)
Minimum Duration of Study
English Language Levels
Language of Instruction
Admission Requirements & Mechanism
Five years
Five levels
Arabic and English
Placement competition based on Secondary School GPA
Holders of the Secondary School Certificate: General: Scientific Branch — Admission Percentage: 60%
Total Number of Courses: 56 courses
Fee per Course including Exam Fee: 850 (SYP)
Fee per Practical Course including Exam Fee: 2050 (SYP)
Fee per English Language Level including Exam Fee: 1250 (SYP)

7- Bachelor in Media and Communication (BMC)
Specializations
Minimum Duration of Study
Language of Instruction
Admission Requirements & Mechanism
Electronic Media and Communication - Public Relations - Advertising - Journalism - Radio and Television
Four years
Arabic and English
Placement competition based on Secondary School GPA
Holders of the Secondary School Certificate: General (Scientific / Literary / Sharia Branches) — Admission Percentage: 60%
Total Number of Courses: 52 courses
Fee per Course including Exam Fee: 850 (SYP)

8- Bachelor in Information Technology (BAIT)

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Four years

Arabic and English

Five levels

Placement competition based on Secondary School GPA

Minimum threshold to apply for competition: 70%

Holders of the Secondary School Certificate:

General: Scientific Branch — 70%

Commercial

Industrial: Computer Technologies - Informatics - Programming and Operating Systems - Computer and Hardware Maintenance - Computer Networks

Telecommunications: (All specializations) — 70%

Industrial: Aviation Electricity - Aviation Mechanics - Auto Mechanics - Electronic Technologies - Electrical Technologies - Vehicle Electricity and Electronics - Vehicle Mechanics – Vehicle Mechanics and Electricity - Air Conditioning and Refrigeration - Engines and Machinery - Heating and Plumbing - Electricity - Industrial Apprenticeship - Mechanical Manufacturing - Agricultural Machinery and Equipment - Agricultural Machines - Maintenance of Agricultural Machinery and Equipment – Mechatronics - Oil Professions (Measurement and Control Instruments - Industrial Electricity) - Maintenance of Medical Equipment - All Technical Industrial High Schools – Electronics.

Holders of institute diplomas not accepted for BAF upgrade: Secondary school certificate with a minimum average of 50% for holders of a technical institute diploma or university degree with a grade of "Good" or above: Students holding a technical institute diploma or a university degree with a "Good" grade or above who were not accepted into the upgrade program may register based on any of the secondary school certificates accepted in the program, provided the minimum secondary school average is not less than 50% after discarding the Religious Education subject. — 50%

Students from secondary schools select their specialization in the second semester of the first year.

Total number of courses for the Management Information Systems (MIS) specialization: 54 courses

Total number of courses for the Information Systems and Data Networks (ISDN) specialization: 51 courses

Fee per Course including Exam Fee: 850 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

9- Bachelor in Information Technology / Upgrade (Upgrade Program for Technical / Intermediate Institute Graduates) (BAIT)

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Minimum: Two and a half years for graduates of HND, commercial institutes, business administration, and statistics / Minimum: Two years for other institutes
Arabic and English
Five levels

Competition for informatics institutes and their equivalents: based on the specialized admission test score.

Competition for commercial institutes, Technical Institute of Statistics, and Higher National Diploma in Computing and Business Applications (HND): based on graduation GPA, and the student must possess one of the required secondary school certificates for entry into the Bachelor in Information Technology (BAIT) program.

Upgrade institute students select their specialization in the first semester of the first year.

Minimum requirement: "Very Good" grade rating.

Holders of informatics institute diplomas and equivalents (BAIT) are entitled to choose one of two specializations (MIS - ISDN), and students of informatics institutes and equivalents are subject to a specialized admission test (AT). The list of accepted institutes includes: Technical Institute for Computers (Ministry of Higher Education), Computer Technologies Institute (Ministry of Education), Technical/Intermediate Institute for Mechanical and Electrical Engineering (Software, Computers, or Computer Networks Engineering specialization), Telecommunications Institute (Information Processing, Computer Networks specialization), Intermediate Industrial Institute / Ministry of Education (Computer Technologies, Software Engineering, Computer Engineering, Computer Networks), Palestine Technical and Vocational Institute, UNRWA Institute, Technical/Intermediate Statistical Institute, Technical/Intermediate Institute for Electricity and Mechanics, Railway Engineering Institute / Signals and Communications, Technical Institute for Computers (SVU Graduate), Petroleum Institute (All specializations except Drilling).

Holders of Commercial, Business Administration, and Statistics Institute diplomas (BAC): Holders of these institutes are entitled to select only the Information Systems and Data Networks (ISDN) specialization. Please upload an electronic copy of the required secondary school certificate in addition to the institute's graduation certificate. List of accepted institutes: Technical Institute for Financial and Banking Sciences / Accounting and Finance / Commercial Intermediate Institute - Financial Technical Institute (Ministry of Finance), Technical Institute for Business Administration and Marketing / Intermediate Institute for Administrative Business / Secretarial, Egyptian Commercial Institute (Ministry of Education), Technical Statistical Institute, Damascus Intermediate Institute for Technical and Vocational Education (UNRWA), Palestine Technical and Vocational Institute, Higher National Diploma in Computing and Business Applications (HND) at the Syrian Virtual University, Technical Institute of Business Administration (from Syrian Virtual University).

Total number of courses for Information Systems and Data Networks specialization (for commercial, business administration, and statistics institutes): 35 courses

Total number of courses for Management Information Systems specialization (other institutes): 37 courses

Total number of courses for Information Systems and Data Networks specialization (other institutes): 31 courses

Fee per Course including Exam Fee: 850 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

10- Bachelor in Telecommunication Technology (BACT)

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Four years

Arabic and English

Five levels

Placement competition based on Secondary School GPA

Minimum threshold to apply for competition; applicants have the right to select one of the following specializations (RMC – MCS – CSB)

Holders of Secondary School Certificate BCF:

General: Scientific Branch — 70%

Commercial

Telecommunications: (All specializations) — 70%

Industrial: Computer Technologies - Informatics - Programming and Operating Systems - Computer and Hardware Maintenance - Computer Networks - Aviation Electricity - Aviation Mechanics - Auto Mechanics - Electronic Technologies - Electrical Technologies - Vehicle Electricity and Electronics - Vehicle Mechanics - Air Conditioning and Refrigeration - Engines and Machinery - Heating and Plumbing – Electricity - Mechanical Manufacturing - Mechatronics - Agricultural Machinery and Equipment - Agricultural Machines - Maintenance of Agricultural Machinery and Equipment - Oil Professions (Measurement and Control Instruments - Industrial Electricity) - Maintenance of Medical Equipment - All Technical Industrial High Schools

Vocational Secondary: Telephone Installations

Industrial Computing

Holders of institute diplomas not accepted for BCF upgrade: Secondary school certificate with a minimum average of 50% for holders of a technical institute diploma or university degree with a grade of "Good" or above, provided they achieve 50% or above in this certificate. — 50%

Total Number of Courses: 53 courses

Fee per Course including Exam Fee: 850 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

11- Bachelor in Telecommunication Technology / Upgrade (Upgrade Program for Technical / Intermediate Institute Graduates) (BACT)

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Two and a half years

Arabic and English

Five levels

Competition for institutes accepted in the upgrade program based on specialized admission test scores.

Minimum requirement: "Very Good" grade rating.

Graduates of technical institutes undergo a specialized admission test (AT).

Holders of Telecommunication Institute diplomas and equivalents BCI: The student is entitled to select one of these specializations (RMC - MCS - CSB). Students from unlisted institutes may submit a transcript and details of the institute's study plan for consideration of their admission within one month of the start of the competition. Telecommunications, electronics, and control institutes were accepted for upgrade provided they are accredited by the University Council. The list of institutes includes: Telecommunications Institute, Damascus Intermediate Institute (UNRWA), Damascus Intermediate Institute (Telecommunications Technology), Intermediate Institute for Metallurgical Engineering Industries, Intermediate Institute for Electricity and Mechanics, Intermediate Industrial Institute / Ministry of Education, Intermediate Industrial Institute / Ministry of Industry, Technical Institute for Computers, Technical Institute for Applied Industries, Technical Institute for Mechanical and Electrical Engineering, Technical Institute for Oil and Gas, Technical Institute for Electricity and Mechanics, Technical Industrial Institute / Ministry of Education, Technical Institute for Mechanical and Electrical Engineering in Damascus, Technical Institute for Solar Energy.

Total Number of Courses: 38 courses

Fee per Course including Exam Fee: 850 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

10- Bachelor in Law (BL)

Minimum Duration of Study

Language of Instruction

Admission Requirements & Mechanism

Four years

Arabic and English

Placement competition based on Secondary School GPA

Holders of Secondary School Certificate:

General: Scientific Branch - Literary Branch

Sharia Secondary

Admission Percentage: 60%
Total Number of Courses: 51 courses
Fee per Course including Exam Fee: 850 (SYP)

11- Bachelor in Management Sciences (BSCM)

Specializations

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Finance and Banking - Marketing

Four years

Arabic and English

Five levels

Placement competition based on Secondary School GPA

Holders of Secondary School Certificate:

General: Scientific Branch

Commercial Secondary

Admission Percentage: 70%

Finance and Banking Specialization: 55 courses

Marketing Specialization: 54 courses

Fee per Course including Exam Fee: 850 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

12- Bachelor in Management Sciences / Upgrade (Upgrade Program for Technical / Intermediate Institute Graduates) (BSCM)

Specializations

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Finance and Banking - Marketing

Two and a half years

Arabic and English

Five levels

Competition based on graduation rating at the institute, Minimum threshold: "Very Good" grade rating

Students from unlisted institutes may submit a transcript, study plan details, and course descriptions for consideration of their admission within one month from the start of the competition.

List of accepted institutes: Technical Institute for Financial and Banking Sciences / Accounting and Finance / Commercial Intermediate Institute, Technical Institute for Business Administration and Marketing, Intermediate Institute for Administrative Business / Secretarial, Egyptian Commercial Institute (Ministry of Education), Technical Financial Institute (Ministry of Finance), Palestine Technical and Vocational Institute, Damascus Intermediate Institute for Technical and Vocational Education (UNRWA), Technical Institute of Business Administration (from Syrian Virtual University).

Holders of Technical Institute of Business Administration Diploma (from Syrian Virtual University):

Finance and Banking Specialization: 31 courses

Marketing Specialization: 30 courses

Other Accepted Institutes:

Finance and Banking Specialization: 37 courses

Marketing Specialization: 37 courses

Fee per Course including Exam Fee: 850 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

13- Bachelor in Tourism and Hotel Management (BTHM)

Specializations

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Tourism Management - Hotel Management - Tourism Marketing

4 years

Arabic and English

Five levels

Placement competition based on Secondary School GPA, Minimum (60% average)

Holders of Secondary School Certificate:

General Secondary (Scientific, Literary)

Vocational Hotel Secondary (All specializations)

Sharia Secondary

Total Number of Courses "Including 5 English Language Levels":

Tourism Management: 53 theoretical courses + 3 practical courses

Hotel Management: 50 theoretical courses + 7 practical courses

Tourism Marketing: 54 theoretical courses + 3 practical courses

Fee per Theoretical Course including Exam Fee: 850 (SYP)

Fee per Practical Course: 2050 (SYP)

Fee per English Language Level: 1250 (SYP)

This program is in collaboration between the Syrian Virtual University and the Ministry of Tourism, and application to this program is available to all students inside and outside Syria.

14- Bachelor in Tourism and Hotel Management / Upgrade (Upgrade Program for Technical / Intermediate Institute Graduates) (BTHM)

Specializations

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Tourism Management - Hotel Management - Tourism Marketing

Two and a half years (for holders of Technical Institute for Tourism and Hotel Sciences diploma from Virtual University) / Three years (other accepted institutes)

Arabic and English

Five levels

Competition based on graduation rating at the institute, Minimum threshold: "Very Good" grade rating

List of accepted specializations and institutes includes: Technical Institute for Tourism and Hotel Sciences (from Syrian Virtual University), Technical Institutes for Tourism and Hotel Sciences, Intermediate Hotel Institute, Technical Institute for Business Administration and Marketing, Intermediate Commercial Institute, Intermediate Institute for Administrative Business / Secretarial, Palestine Technical and Vocational Institute, Damascus Intermediate Institute for Technical and Vocational Education (UNRWA), Hotel Institute, Tourism Institute, Intermediate Tourism Institute.

Accepted are:

A- 10% of top graduates from Dummar Center for Tourism and Hotel Training affiliated with the Ministry of Tourism, with a rating of ("Very Good") and above (Table No. 5), and who hold secondary school certificates accepted by the Bachelor in Tourism and Hotel Management program at the university.

B- 5% of top graduates from Tourism and Hotel Qualification and Training Centers accredited by the Ministry of Tourism, with a rating of ("Very Good") and above (Table No. 5), and who hold secondary school certificates accepted by the Bachelor in Tourism and Hotel Management program at the university.

Total Number of Courses "Including required English Language Levels":

Holders of Technical Institute for Tourism and Hotel Sciences diploma (from Syrian Virtual University):

Tourism Management: 30 theoretical courses + 0 practical courses

Hotel Management: 27 theoretical courses + 3 practical courses

Tourism Marketing: 29 theoretical courses + 1 practical course

Other accepted institutes according to the table:

Tourism Management: 41 theoretical courses + 3 practical courses

Hotel Management: 37 theoretical courses + 5 practical courses

Tourism Marketing: 42 theoretical courses + 3 practical courses

Fee per Theoretical Course including Exam Fee: 850 (SYP)

Fee per Practical Course: 2050 (SYP)

Fee per English Language Level: 1250 (SYP)

15- Bachelor in Human Resource Management (BHRM)

Minimum Duration of Study

Language of Instruction

English Language Levels

Admission Requirements & Mechanism

Four years

Arabic and English

Three levels

Placement competition based on Secondary School GPA

Holders of Secondary School Certificate: General: Scientific Branch — Admission Percentage: 65%

Total Number of Courses: 38 courses

Fee per Course including Exam Fee: 850 (SYP)

Fee per English Language Level including Exam Fee: 1250 (SYP)

Diploma and Master's

Diploma of Educational Qualification

Master of Qualification and Specialization in Business Administration

Master of Qualification and Specialization in Computer Science

Master of Academic Studies in Web Sciences

Master of Qualification and Specialization in Quality

Master of Qualification and Specialization in Technology Management

Master of Qualification and Specialization in Networks

Educational Master of Qualification and Specialization in Integrating Technology in Education

Master of Qualification and Specialization in International Humanitarian Law

Master of Qualification and Specialization in Medical Education

Master of Qualification and Specialization in Bioinformatics

Master of Qualification and Specialization in Applied Linguistics

Master of Qualification and Specialization in Building Information Modeling and Management

Master of Qualification and Specialization in Integrated Natural Resources Management

Master of Qualification and Specialization in Health Management

Master of Qualification and Specialization in Non-Governmental Organizations Management

Master of Qualification and Specialization in Historic Building Information Modeling

Admission Criteria for Master's Programs

(Diploma and Master's Programs - Academic Studies, Qualification and Specialization)

An accredited Syrian university degree (Public/Private Universities) or non-Syrian degree accredited by the Ministry of Higher Education

Important Note: The total final program fees include examination fees, registration fee, and annual fee.

Diploma and Master's Programs (Academic Studies, Qualification and Specialization)

1- Diploma of Educational Qualification (EDUC)

Minimum Duration of Study: One year | Language of Instruction: Arabic

Admission Conditions & Criteria: Competition based on Bachelor's degree GPA for each specialization separately

Bachelor Degree Holders: All university bachelor degree specializations (Syrian and non-Syrian) accredited by the Syrian Ministry of Higher Education

Total Number of Courses: 15 courses + Graduation Project (Semester 1: 8 courses, Semester 2: 7 courses + Graduation Project)

Cost per Course including Exam Fee: 1050 (SYP)

Total including registration, semester, and application competition fees: 17750 (SYP)

2- Master of Qualification and Specialization in Business Administration (MBA)

Academic Degree: Master of Qualification and Specialization | **Minimum Duration of Study:** Minimum two years | **Language of Instruction:** Arabic and English

Bachelor Degree Holders: University Bachelor Degree in all specializations

Total Number of Courses: 15 courses + Graduation Project

Total Course Installments: Semester 1: 6050 SYP, Semester 2: 5450 SYP, Semester 3: 5450 SYP, Semester 4: 5200 SYP = Total: 22150 (SYP)

3- Master of Qualification and Specialization in Computer Science (MCS)

Minimum Duration of Study: Minimum two years | **Language of Instruction:** Arabic and English

Bachelor Degree Holders: Engineering in all specializations (except Agriculture) – Medical specializations (Human Medicine - Dentistry - Pharmacy) - Science with Informatics specialization - Science/Mathematics (Applied Mathematics and Informatics specialization) - Information Technology – Applied Faculty in all specializations - Information Technology – Telecommunication Technology - Engineering Diploma from the Higher Institute for Applied Sciences and Technology - Computer Science - Information Systems - Operations and Information Management (MIS) - Bachelor in Informatics UOG - Arab Academy for Science, Technology and Maritime Transport (Bachelor's Degree) - Faculty of Business Administration - Faculty of Economics - Science (Mathematical Statistics specialization)

Total Number of Courses: 15 courses + Graduation Project

Total Course Installments: 6050 + 5450 + 5450 + 5200 = 22150 (SYP)

4- Master of Qualification and Specialization in Quality (MIQ)

Minimum Duration of Study: Two years | **Language of Instruction:** Arabic and English

Bachelor Degree Holders: Human Medicine - Dentistry - Pharmacy - Engineering in all specializations - Veterinary Medicine - Nursing - Health Sciences - Science - Information Technology - Applied Faculty - Information Technology – Telecommunication Technology - Economics – Administrative and Financial Sciences – Business Administration - Tourism - Bachelor in Informatics UOG - Higher Institute of Business Administration HIBA - Engineering Diploma from the Higher Institute for Applied Sciences and Technology - Project Management - Small and Medium Enterprises Management - Arab Academy for Science, Technology and Maritime Transport (provided the bachelor's is preceded by a scientific high school certificate) - [Libraries and Information – Media - Education in all specializations - English Language - French Language provided holders possess a Scientific High School Certificate]

Total Number of Courses: 17 courses (student studies at least 13 of them) + Practical Project; minimum course load per semester is 3 courses and maximum is 6 courses

Total Course Installments: 5000 + 5450 + 4400 + 5200 = 20050 (SYP)

5- Master of Qualification and Specialization in Technology Management (PMTM)

Minimum Duration of Study: Minimum two years | Language of Instruction: Arabic

Bachelor Degree Holders: Human Medicine - Dentistry - Pharmacy - Engineering in all specializations - Veterinary Medicine - Science (Informatics specialization) - Administrative Sciences/Business Administration - Information Technology - Information Technology – Telecommunication Technology - Economics - Business Administration - Engineering Diploma from the Higher Institute for Applied Sciences and Technology - Higher Institute of Business Administration HIBA - Management Information Systems MIS - Bachelor in Informatics UOG - Arab Academy for Science, Technology and Maritime Transport – Project Management

Total Number of Courses: 15 courses + Graduation Project

Total Course Installments: 6050 + 5450 + 5450 + 5200 = 22150 (SYP)

6- Master of Qualification and Specialization in Network Technologies (MNT)

Minimum Duration of Study: Minimum two years | Language of Instruction: Arabic and English

Bachelor Degree Holders: Engineering in all specializations - Science with Informatics specialization - Science/Mathematics - Information Technology - Applied Faculty - Information Technology – Telecommunication Technology - Engineering Diploma from the Higher Institute for Applied Sciences and Technology - Computer Science - Information Systems - Information Systems and Technology Management (MIS) - Bachelor in Informatics UOG - Arab Academy for Science, Technology and Maritime Transport

Total Number of Courses: 15 courses + Graduation Project

Total Course Installments: 6050 + 5450 + 5450 + 5200 = 22150 (SYP)

7- Master of Academic Studies in Web Sciences and Artificial Intelligence (MSAI)

Minimum Duration of Study: Minimum two years | Language of Instruction: Arabic and English

Bachelor Degree Holders (with a rating of Good at least): Informatics Engineering - Computer Engineering – Computer Systems Engineering - Software Engineering - Automatic Control and Computer Engineering - Computer Engineering - Informatics Engineering with Artificial Intelligence specialization - Military Engineering Academy - Management Information Systems - Information Systems and Management MIS - Electronics/Computers and Automatic Control Engineering - Computers and Automatic Control Engineering - Computer Engineering - Information Technology Management – Information Technology – Information Technology - Diploma from the Higher Institute for Applied Sciences and Technology - Science/Mathematics - Science (Informatics specialization) - Information Systems - Computer and Informatics Engineering - Computer Systems - Computer Science - Information Engineering - Informatics and Communications Engineering - (UOG) Bachelor in Informatics - Arab Academy for Science, Technology and Maritime Transport

Total Number of Courses: 10 courses + Thesis/Dissertation

Total Course Installments: 6050 + 5450 + 10200 (Thesis/Dissertation) = 21700 (SYP)

8- Master of Qualification and Specialization in International Humanitarian Law (MIHL)

Minimum Duration of Study: Minimum two years | Language of Instruction: Arabic and English

Bachelor Degree Holders: Law - Media - Political Science - International Relations and Diplomacy - Bachelor in Economics. Languages (Arabic - English - French - Spanish - Russian - Japanese - Persian - German – Turkish – English Translation Open Learning). Holders of a Master's degree (Higher Institute of Business Administration) regardless of specialization. Bachelor in Sociology - Bachelor in Psychology - Bachelor in Psychological Counseling - Bachelor in Special Education.

Total Number of Courses: 12 courses + Graduation Project

Total Course Installments: 5000 + 4400 + 4400 + 5200 = 19000 (SYP)

9- Master of Qualification and Specialization in Medical Education (MEDE)

Minimum Duration of Study: Minimum two years | Language of Instruction: Arabic and English

Bachelor Degree Holders: Human Medicine - Dentistry - Pharmacy – Nursing

Total Number of Courses: 14 courses + Graduation Project

Total Course Installments: 6050 + 5450 + 4400 + 5200 = 21100 (SYP)

Note: Required documents for registration for the Master's program are in the supplementary tables "Table 3"

10- Educational Master of Qualification and Specialization in Integrating Technology in Education (MITE)

Minimum Duration of Study: Minimum two years | Language of Instruction: Arabic and English

Academic Degree: Bachelor in Education (all specializations), Bachelor in Psychology (all specializations), Holders of the Diploma of Educational Qualification, Bachelor in all specializations with teaching experience of not less than 4 years, duly certified according to the issuing authority "Table 4"

Total Number of Courses: 15 courses + Graduation Project

Total Course Installments: 6050 + 5450 + 5450 + 5200 = 22150 (SYP)

11- Master of Qualification and Specialization in Bioinformatics (BIS)

Minimum Duration of Study: Minimum two years | Language of Instruction: Arabic and English

Academic Degree: Specializations of Human Medicine - Dentistry - Pharmacy - Veterinary Medicine - Agricultural Engineering - Technical Engineering - Medical Engineering - Informatics Engineering - Biomedical Sciences - Natural Sciences - Faculty of Cosmetology - Health Sciences from a Syrian university, or equivalent

Total Number of Courses: 15 courses + Graduation Project

Total Course Installments: 6050 + 5450 + 5450 + 5200 = 22150 (SYP)

12- Master of Qualification and Specialization in Applied Linguistics (MAL)

Minimum Duration of Study: Minimum two years | Language of Instruction: Arabic and English

Academic Degree: All university specializations

Total Number of Courses: 11 courses + Graduation Project

Total Course Installments: 5000 + 4400 + 3350 + 5200 = 17950 (SYP)

13- Master of Qualification and Specialization in Building Information Modeling and Management (BIMM)

Minimum Duration of Study: Minimum two years | Language of Instruction: Arabic and English

Academic Degree: Engineering (Civil, Architecture, Electrical, Mechanical, Mechatronics), Technical College: Renewable Energy, Equipment and Machinery, Industrial Automation, Faculty of Fine Arts Department of Interior Architecture, Holder of a certificate of experience in the field of BIM for a period of not less than 5 years and holding a university degree

Total Number of Courses: 15 courses + Graduation Project

Total Course Installments: 6050 + 5450 + 5450 + 5200 = 22150 (SYP)

14- Master of Qualification and Specialization in Integrated Natural Resources Management (IMNR)

Minimum Duration of Study: Two years | Language of Instruction: Arabic and English

Bachelor Degree Holders (with a Good rating): Science (Natural, Chemical, Marine, Geology, Environmental and Natural Resources), All Engineering disciplines, Business Administration and Economics, Geography, or any specialized field deemed equivalent by the Scientific Affairs Council

Total Number of Courses: 15 courses + Graduation Project

Total Course Installments: 6050 + 5450 + 5450 + 5200 = 22150 (SYP)

15- Master of Qualification and Specialization in Health Management (MHA)

Minimum Duration of Study: Two years | Language of Instruction: Arabic and English

Academic Degree: Specializations of Human Medicine or Dentistry, Pharmacy, Nursing or Health Sciences, or any academic degree in medical specializations

Total Number of Courses: 16 courses + Graduation Project

Total Course Installments: 7100 + 5450 + 5450 + 5200 = 23200 (SYP)

Here is the complete and exact English translation of the provided text, without any additions, omissions, or modifications:

16- Master of Qualification and Specialization in Non-Governmental Organizations Management (MNGO) Minimum Duration of Study: Two years | Language of Instruction: Arabic and English Academic Degree: Accepts students holding a Bachelor's degree from a Syrian public, Arab, foreign, or private university accredited by the Ministry of Higher Education and Scientific Research. Total

Number of Courses: 17 courses + Graduation Project Total Course Installments: 6050 + 6500 + 6500 + 5200 = 24250 (SYP)

17- Master of Qualification and Specialization in Historic Building Information Modeling (HBIM) Minimum Duration of Study: Two years | Language of Instruction: Arabic and English Academic Degree: Architectural Engineering - Interior Architecture/Interior Design Engineering - Civil Engineering - Mechanical Engineering - Electrical Engineering - Geomatics/Surveying Engineering - Urban and Regional Planning - Geography: Geographic Information Systems (GIS) - Faculty of Arts: Archaeology Department - Restoration and Preservation of Historic Buildings - Archaeology and Cultural Heritage - Historic Urban Planning/Urban Conservation. The student sits for the program's special admission test, from which graduates of the BIMM Master's at the Syrian Virtual

University and the Master of Qualification and Specialization - Fakhri al-Baroudi Center - Damascus University are exempt. Total Number of Courses: 15 courses + Graduation Project Total Course Installments: 6050 + 5450 + 5450 + 5200 = 22150 (SYP)

Scholarships at the Syrian Virtual University Believing in its academic and social mission, and as part of its endeavor to provide educational attainment to a broad base of Syrian youth while maintaining its economic and developmental role and its self-financing as a public institution capable of financing its operations, especially under the current war conditions facing our homeland, Syria. The Board of Trustees of the Syrian Virtual University approved the (Scholarships and Tuition Discounts) system of the Syrian Virtual University by Decision No. 32 dated 02/03/2017, as follows:

Excellence Scholarships General Provisions for Excellence Scholarships: Syrian students residing inside Syria and those of equivalent status benefit from the scholarships. The duration of the scholarship is determined according to the minimum number of years required to obtain the university degree under the annual system approved by the Ministry of Higher Education, or the minimum number of study years required in the university's programs for each program; suspension terms are counted within the specified scholarship period (the minimum in each program). After the end of the specified scholarship period, the scholarship student returns as a regular student subject to all tuition fees and charges starting from the date the scholarship period ends, according to the prices of the term of their scholarship registration. The scholarship system applies starting from the Fall 2017 academic term. Master's degree students and informatics/telecommunications institute upgrade applicants must pay the placement competition application fee, English language exam fee, and undergo all required examinations in those programs upon applying for the placement competition. The scholarship system is applied at the beginning of registration for the placement competition (new students), and returning students do not benefit from the scholarship. The student has the right to apply for all three scholarships if their conditions apply to them. If accepted into more than one scholarship, the scholarship under which the student will be admitted is determined based on the best preference presented to them from the scholarship they applied for according to their order of preferences, taking into account the scholarship hierarchy. Conditionally registered students (who have not completed required supporting documents) do not benefit from the scholarship. The scholarship covers course tuition fees only, excluding examination fees. The scholarship recipient must register for first-term courses to confirm their registration (registration is mandatory). The student is required to pay all university fees: registration fee - annual fee - graduation fee ... etc. The scholarship applicant's placement competition application is converted to a regular student application in the event of non-acceptance into the scholarship competition and upon their desire to do so.

The scholarship is cancelled in the following cases: The student transfers their access center outside of Syria. In the event a disciplinary penalty is issued against the student, based on which the University Council decides to cancel the scholarship.

Available Scholarships: Three study scholarships for top achievers in the secondary school certificate for each university bachelor and technical institute program: The competition is based on the accepted secondary school certificate percentage in each program, which is (85%) and above after discarding the religious education score and the lower language score according to the

secondary school certificate used for application. The three highest-scoring students in each program are selected regardless of the secondary school certificate type (General - Commercial - Industrial).

One study scholarship in each university bachelor upgrade program: Dedicated to the student holding an Excellence rating in their institute and a graduation average of 85% and above. The student with the highest score in the admission test for each Information Technology and Telecommunications Technology program is selected according to the admission criteria for these programs. The student with the highest institute GPA is selected for the Economics program.

One study scholarship in each Master's program: Dedicated to students holding an Excellence rating in their university Bachelor's degree. The competition is based on the admission conditions of the program, and the candidate with the highest score according to the approved metric in each Master's program is selected.

Nominations at the Syrian Virtual University Three nominations designated for popular organizations, civil associations, or public institutions under joint cooperation agreements signed with the university. Three nominations for the same aforementioned entities for a discount not exceeding 20% on course fees. Nominees from public and private entities undergo a specialized admission test for the Master's programs they apply to after passing the English language test.

Supplementary Tables Table No. "1": Minimum Scores Required for Admission Minimum required scores for admission into university programs requiring passing the English Language Placement Test / Registration in the English Language Program at the Syrian Virtual University, and their equivalents in international standardized tests (TOEFL-IELTS), provided they are of the (International) type for the TOEFL certificate and (Academic) for the IELTS certificate, and no more than two calendar years have elapsed since the certificate's issuance date.

SVU Levels	SVU PT	Revised TOEFL Paper-delivered Test	TOEFL IBT (0-120)	TOFEL IBT (0-30)	TOEFL CBT	TOFEL Essentials	IELTS (Academics)	CERF	Duolingo English Test DET	Password Plus
1	Below 37%	Below 44	Below 25	Below 2	Below 90	Below 1	Below 2	Below A1	Below 43	Below 2
2	37%	44	25-30	3-5	90	2	2.5	A1	43-60	2.5
3	56%	56	31-41	6-9	120	3-4	3.5	A1	61-69	3.5
Master's Admission	60%	65	42-71	9-16	150	5-7	4.5	A2	70-79	4.5
4	85%							B1		
5	96%	68	72-94	17-21	180	8-9	5.5	B2	80-90	5.5
Exemption	98%	80	95-113	22-30	213	10-11	6.5	C1	120-125	6.5

Notes: The original copy of the language test certificates listed in the table above (TOEFL-IELTS) must be submitted to the university if the student completes the electronic registration process. The student is exempt from studying all English language levels at the university if they have submitted a Revised TOEFL Paper-delivered Test certificate with a score of at least (80) or an IELTS certificate with a score of at least (6.5) or their equivalents according to the table shown above. Syrian Virtual University graduates who have successfully passed all English language levels are also exempt from taking the English Language Placement Test, provided that no more than two years have passed starting from the semester following their graduation semester, and the placement test score is calculated at a rate of (90%) in the placement competition score. If the student's language is French, they must pass three language levels during their studies.

Table No. "2": Specializations of Faculties of Arts and Humanities Languages (Arabic – English – French – Russian – German – Spanish – Persian – Japanese – Turkish) History – Geography – Philosophy – Sociology – Archaeology – Libraries and Information

Table No. "3": Required Documents for Master in Medical Education Master of Qualification and Specialization in Medical Education: For teaching staff members from medical faculties and PhD holders accredited by the Ministry of Higher

Education: Bachelor's degree certificate + Teaching staff appointment decision. Graduates of medical faculties or currently specializing who graduated after the implementation of the Unified National Exam: Bachelor's degree certificate + Certificate of passing the Unified National Exam. Graduates of medical faculties or currently specializing who graduated before the implementation of the Unified National Exam: Bachelor's degree certificate. Candidates graduating with non-Syrian medical degrees whose certificates were equivalated without sitting for a Unified National Exam: Bachelor's degree certificate + Certificate equivalency decision.

Table No. "4": Required Documents for Master in Integrating Technology in Education Bachelor's degree in all specializations: Bachelor's degree certificate + Teaching experience certificate of not less than 4 years, duly certified according to the issuing authority.

Table No. "5": Centers Accredited by the Ministry of Tourism

#	Center Name	Governorate
1	Dummar Tourism and Hotel Training Center	Damascus
2	Al-Mashreq	Damascus
3	Kunooz	Rural Damascus
4	Ebla Al-Sham	Damascus

Required Documents for Holders of Non-Syrian Certificates (To be submitted at the Directorate of Public Relations at the Syrian Virtual University headquarters)

Required Documents for Equivalency of Secondary School Certificate: The original secondary school certificate, certified and translated if foreign, by the Syrian Embassy in the issuing country and the Syrian Ministry of Foreign Affairs. Three certified copies of the secondary school certificate, translated if foreign, by the Syrian Ministry of Foreign Affairs. The original basic education certificate (8th/9th grade diploma), certified and translated if foreign, by the Syrian Embassy in the issuing country and the Syrian Ministry of Foreign Affairs. One copy of the basic education certificate, certified and translated if foreign, by the Syrian Ministry of Foreign Affairs. A copy of an ID card, recent passport, or an individual civil status record featuring a photograph and certified by civil registration.

Note: In the absence of core subjects in the Scientific secondary school certificate (Mathematics - Physics - Chemistry - Biology) or in the Literary secondary school certificate (History - Geography - Philosophy), please bring the following documents in addition to the previous ones: a. Original 10th-grade certificate, certified and translated if foreign, by the Syrian Embassy in the issuing country and the Syrian Ministry of Foreign Affairs. b. One copy of the 10th-grade certificate, certified and translated if foreign, by the Syrian Ministry of Foreign Affairs. c. Original 11th-grade certificate, certified and translated if foreign, by the Syrian Embassy in the issuing country and the Syrian Ministry of Foreign Affairs. d. One copy of the 11th-grade certificate, certified and translated if foreign, by the Syrian Ministry of Foreign Affairs.

Required Documents for Equivalency of University Degree: A copy of the original degree certificate, certified and translated if foreign, by the Syrian Ministry of Foreign Affairs. A copy of the transcript, certified and translated if foreign, by the Syrian Ministry of Foreign Affairs. An official recognition page from the Syrian Ministry of Higher Education for the university. Entry and exit movement record from Immigration and Passports. A copy of an ID card, recent passport, or an individual civil status record featuring a photograph and certified by civil registration. A certified copy of the secondary school certificate. A copy of the passport used during the study period.

Important Note: A student holding a non-Syrian secondary school certificate must visit the Examinations Directorate of the Ministry of Education to obtain the examination seat number specific to the secondary school certificate required for electronic registration, prior to bringing the required documents to the Directorate of Public Relations and Cultural Exchange at the Syrian Virtual University headquarters.

Fees and Tuition Charges In Syrian currency for Syrian students and those of equivalent status (residing in Syria), and in Euros (€) and Dollars (\$) for Arab, foreign, and non-resident Syrian students.

Fee Type	Academic Degree	Amount (SYP)	Euro (€)	Dollar (\$)

Here is the complete and exact English translation of the provided text, without any additions, omissions, or modifications:

Important Notes

A 20% discount on tuition fees is granted to members of the Teachers Syndicate and their children, excluding examination fees and costs.

The (AT/PT) test fee for students in (Jordan/Egypt/Lebanon/Bahrain/Erbil/Sultanate of Oman/Turkey/Sudan) is paid at the university's access centers (in Amman/Cairo/Beirut/Manama/Erbil/Muscat/Istanbul/Khartoum) in cash in US Dollars.

The (AT/PT) test fee for United Arab Emirates students is paid at the university's access center in Dubai (in cash in UAE Dirhams).

The (AT/PT) test fee for Kuwait students is paid at the university's access centers in Kuwait (in cash in Kuwaiti Dinars).

The (AT/PT) test fee for Saudi Arabia students is paid at the university's access centers in Riyadh and Jeddah (in cash in Saudi Riyals).

The (AT/PT) test fee for Germany students is paid at the university's access centers in Germany (in cash in Euros).

The (AT/PT) test fee for Austria students is paid at the university's access centers in Vienna (in cash in Euros).

The (AT/PT) test fee for Netherlands students is paid at the university's access centers in Zaandam (in cash in Euros).

Fees and tuition for students in United Arab Emirates - Jordan - Lebanon - Egypt - Kuwait - Turkey - Bahrain - Erbil - Sultanate of Oman - Germany - Austria (after final acceptance and registration) are paid in Euros or Dollars at a branch of the Commercial Bank of Syria or through a branch of Al-Fouad Exchange Company in the mentioned countries.

After final acceptance and registration, students must pay an additional amount per course for center services and exam costs:

Country	Fees
Jordan / Lebanon / Bahrain / Erbil / Egypt / Sultanate of Oman / Sudan	40 US Dollars
United Arab Emirates	250 UAE Dirhams
Turkey	50 US Dollars
Kuwait	20 Kuwaiti Dinars
Saudi Arabia	230 Saudi Riyals
Sweden	85 Euros
Germany	55 Euros
Austria	55 Euros

Country	Fees
Netherlands	65 Euros
Qatar	250 Qatari Riyals

Term examination costs per exam/test (AT/PT) in Syria: 50/40/40

Special university examination costs: 50/10/10

Costs for (English Placement Test and Specialized Admission Test)

Fees are settled as follows: via electronic payment through Sham Cash, or in cash (in Syrian Pounds) through the General Postal Corporation, or (via direct payment in Euros or Dollars) at a branch of the Commercial Bank, and the fee is:

50/ SYP (for resident Syrian students) and 40/ Euros or 40/ Dollars (for Arab and foreign students residing inside Syria).

For external centers' students: 250 UAE Dirhams (for students residing in Dubai at the Dubai access center), 40 US Dollars (for students residing in Jordan/Lebanon/Bahrain/Erbil/Sultanate of Oman/Sudan) at the university's access center in (Amman/Beirut/Manama/Erbil/Muscat/Khartoum), 20 Kuwaiti Dinars (for students residing in Kuwait) at the university's access center in Kuwait, 40 US Dollars (for students residing in Egypt) at the university's access center in Cairo, 50 US Dollars (for students residing in Turkey) at the university's access center in Istanbul, 230 Saudi Riyals (for students residing in Saudi Arabia) at the university's access centers in Jeddah and Riyadh, 55 Euros (for students residing in Germany) at the university's access center in Kempten, 55 Euros (for students residing in Austria) at the university's access center in Vienna, 65 Euros (for students residing in the Netherlands) at the university's access center in Zaandam (for the English Placement Test PT).

The same amounts apply (for the Specialized Admission Test AT).

Information can be found regarding:

Addresses of Commercial Bank of Syria branches via the link: <http://www.cbs-bank.sy/>

Addresses of Syrian Post General Corporation via the link: <http://www.syrianpost.gov.sy/arabic/index.php?node=352>

Important Notes Regarding Application for Placement Competitions in All Programs

Subject equivalency requests are accepted according to the principles and rules defined in the internal regulations of bachelor's programs, provided they are submitted one month prior to the start of classes in the first semester.

Equivalency requests must be accompanied by course descriptions, an officially certified transcript, and a university life document for the student.

To view the sample English Placement Test (PT), visit the university website – within the placement competition announcements.

To view the required references for specialized admission tests (AT) in Master's programs and upgrade programs for IT and Telecommunication institutes, visit the university website within the placement competition announcements.

To view the internal regulations for each program, visit the university study link.

All certificates are accepted based on the required criteria for each program to enter the university placement competition, regardless of their issuance date.

Master's programs require an English Placement Test (PT) and a Specialized Admission Test (AT).

English Placement Test (PT) and Specialized Admission Test (AT) costs are non-refundable for any reason.

A student who does not meet the required English language condition to enter Master's programs cannot sit for the specialized admission test.

A student who does not meet the English language condition set by the university cannot recover the costs of admission tests.

A student holding a TOEFL or IELTS certificate cannot recover admission test costs if their certificate is rejected by the university.

The Bachelor in Information and Communication Technology (upgrade for graduates of Informatics and Telecommunications institutes) requires only a Specialized Admission Test (AT).

Students holding TOEFL and IELTS certificates must bring the original copy to the university headquarters - Ministry of Higher Education - before registration begins or immediately after registering for the placement competition, through appointments to be specified on the university website.

Payments of students in /Egypt - Jordan - Lebanon - United Arab Emirates - Turkey - Kuwait - Bahrain - Erbil - Sultanate of Oman - Saudi Arabia - Germany - Sudan - Austria - Netherlands/ are confirmed once examination costs are paid at centers abroad.

Bank payments settled electronically are confirmed if the student follows the electronic payment steps.

The start dates for the English placement test conducted by the university and the specialized admission test are during November.

Detailed dates and test locations for English Placement Tests (PT) and Specialized Admission Tests (AT) will be specified via Excel sheets on the university website after the application period for the placement competition ends.

Objections regarding exam schedules are accepted within 48 hours of their announcement on the university website.

Objections regarding lack of knowledge on how to complete the electronic payment process will be rejected.

Tables containing the names and specializations of applicants for the placement competition will be announced after the registration period ends on the university website www.svuonline.org.

Students can correct erroneous information - if any - in the applicants' tables during a period specified in the announcement.

Tuition Fee and Installment Payment Service via Direct (Cash) Payment

In the event of disruption or unavailability of the electronic payment service, instructions will be issued exclusively via an announcement on the university website to pay course fees at one of the university's accredited banks.

Direct (Cash) Payment Steps:

After following the online registration steps for courses, the student must do the following:

Log into the SVUIS system and click on the link: E-Payment

The payment receipt can also be printed by clicking the print button: Print

The student must verify the accuracy of the information appearing on the receipt (course names registered + price of each courseetc.).

In case of desiring to modify the payment receipt, follow these steps:

Click on the Student's Payments link, where all paid and unpaid payments to the university will appear for the student.

The student can click the Delete button to delete the unpaid receipt.

Then, re-register for the courses and print the payment receipt again.

Go to any bank branch accompanied by the payment receipt and personal ID.

The following phrase must be present on the payment receipt: "To be paid in cash"

Upon completing the direct payment process at the bank, the student must keep the payment notice, without needing to submit a copy of the notice to the university.

General Notes:

After completing the payment process at the bank, confirmation that courses have been activated can be verified one week after completing the cash payment.

To verify the success of the direct "cash" payment process one week after paying installments and fees:

Verify the activation of courses on the SVUIS system (courses in R-Registered status) by logging into the student's account and clicking on (Studies Profile).
